PROFILE SUMMARY

Aspiring Project Manager with a strong technical background in full-stack development. Experienced in managing end-to-end project execution, optimizing workflows, and delivering scalable solutions. Skilled in task coordination, timeline management, and driving measurable outcomes. Passionate about aligning business needs with effective technical solutions.

TECHNICAL SKILLS

Languages & Frameworks: Java, JavaScript, HTML5, Tailwind CSS, React.js, Node.js, Express.js
Project Management & Methodologies: Agile, Scrum, Sprint Planning, Task Prioritization, Risk Management, Workflow Optimization
Tools & Collaboration: MongoDB, MySQL, Jira, Git, GitHub, Postman, VS Code, Performance Optimization
Security & Architecture Awareness: JWT Authentication, RBAC, API Security, Scalable System Design

PROJECTS

- WebHome** | Node.js, Express.js, MongoDB, EJS, CSS, JavaScript Jun 2025
- Led end-to-end development of a rental platform, managing planning, feature prioritization, and execution
 - Optimized booking workflows and validation processes, reducing manual effort by 35%
 - Coordinated development of RESTful APIs for property, user, and booking management ensuring scalability
 - Oversaw implementation of MVC architecture and frontend integration for improved user experience
 - Managed third-party integration (Cloudinary) and performance optimization strategies for faster load times
- InsureHub** | React.js, Node.js, Express.js, MySQL, Tailwind CSS Feb 2024
- Managed development of an insurance platform, focusing on workflow automation and system efficiency
 - Streamlined policy processing workflows, reducing administrative effort by 40%
 - Defined data validation and security processes, improving data accuracy by 30%
 - Coordinated implementation of role-based access control for secure data handling
 - Designed structured database schema and ensured efficient data management practices
- QuickBite** | React.js, Node.js, Express.js, MongoDB, Stripe API Oct 2024
- Led development of a food ordering platform, managing task execution and feature delivery
 - Optimized order processing workflows, reducing manual effort by 45%
 - Coordinated development of role-based dashboards for different user groups
 - Managed third-party payment integration (Stripe) including workflow handling and system reliability
 - Ensured efficient database design and performance optimization for scalability

EDUCATION

Vellore Institute of Technology	Nov 2022 – Nov 2026
<i>Bachelor's in CSE Specialization in Artificial Intelligence & Machine learning</i>	CGPA: 7.99
Maheshwari Public School	2020 – 2021
<i>Higher Secondary Certificate (HSC)</i>	76.6%
Maheshwari Public School	2018 – 2019
<i>Senior Secondary Certificate (SSC)</i>	80.4%

CERTIFICATIONS & ACHIEVEMENTS

- Google Project Management Certificate – Coursera
 - Solved **150+ problems** on **LeetCode**, demonstrating strong analytical thinking, problem-solving, and consistency
 - Represented college in 5+ inter-college cricket tournaments, demonstrating teamwork, coordination, and performance under pressure
- Languages & Interests:** English, Hindi, Cricket, Badminton, Travelling
